Dear Mr. Hammond:

Re: Location Move - Qualified Suppliers List of Distributors (QSLD) and Qualified Testing Suppliers List (QTSL), FSC 5961 and 5962, CAGE: 08YR5, VQ(VQE-20-035279), CN: 072718

This Center has received your QSLD and QTSL re-application information dated April 24, 2020 to re-qualify to the QSLD and QTSL Programs. Based on our review, your facility, CAGE Code 08YR5, is considered a qualified distributor eligible to supply FSC 5961 and 5962, military and commercial grade product, as dictated under the Criteria and Provisions document for the QSLD and QTSL Programs. All devices are to be controlled and managed from your Costa Mesa, CA location.

For the duration of the qualification period, the distributor is subject to periodic reviews by this Center or its representatives and agrees to meet the requirements set in the Criteria and Provisions document for the program. This qualification is valid till March 31, 2023 and can only be terminated by written notification from this Center. At the end of the three year period, your company must resubmit an application within 60 days to remain in the programs.

The acceptance of your company into this program does not relieve the distributor of its contractual obligation to deliver product that complies with all specification requirements. If you have any questions, please call Mr. Michael at 614-692-7527.

Sincerely,

for ROBERT M. HEBER
